Why Businesses Love constructivecloud

Businesses are actively looking to host their Sage apps in the cloud and untether themselves from the limitations of being office-bound.

Through **constructivecloud**, getting up and running with hosting is simpler and more cost effective than ever.

Cloud hosting is a no-brainer for today's businesses

"87% of companies experience business acceleration from their use of cloud services."[1]

1   **Increased Productivity**
Companies have **increased productivity by up to 40%** after switching to the cloud.[2]

2   **Better Collaboration**
"Cloud-based online collaboration tools have now surpassed on-premise apps by a ratio of **64% to 36%**."[3]

3   **Reduction of IT Costs**
"Companies who have adopted cloud services experienced a **15.07% reduction in IT spending**." 5

*"The average company achieved a **3.2 times greater** return on investment from the cloud when compared to an on premise solution." 5*

constructivecloud

Cloud hosting takes the power of Sage 300 CRE software to the next level

"Businesses are using an above average number of cloud services grow26% faster than those that use no cloud tools and are more profitable by 21% on average" [2]

Whether **in the field**, at **the office**, or from a **home workspace**, if there's internet, business can keep running.

Anytime, anywhere access	No more IT headaches	Runs on any device	Ultimate flexibility	Enterprise-Grade security	Huge cost saving
